Annual Index
Vol 30, 1982

Author Index

Abraham JP.
Chronic idiopathic thrombocytopenic purpura: Effective preoperative preparation and long-term results of splenectomy. Gruenberg JC, Block MA, Van Slyck EJ. 1982;30:59-64.

Adar R.
Echinococcosis of the spine and retroperitoneum: Case report and review of the literature. Meyer E. 1982;30:11-13.

Akhtar J.
Compression of the duodenum by the root of the mesentery. Haas PA, Kobylak L. 1982; 30:85-9.

Alam M.
Echocardiographic evaluation of porcine bioprosthetic valve degeneration. Lakier JB, Goldstein S. 1982;30:124-7.

Echocardiographic identification of left ventricular cavity obliteration. Gandra VR, Khaja F, Goldstein S, Lakier JB. 1982;30:199-203.

Natural history of the porcine bioprosthetic heart valve. Magilligan DJ Jr, Lewis JW Jr, Lester JL III, Stein PD, Lakier JB, Davila JC, Smith DW. 1982;30:113-18.

Anbe DT.
Assessment of the orifice area of bioprosthetic valves by orifice-view roentgenography. Stein PD, Brymer JF, Sabbah HN, Folger GM Jr. 1982;30:128-33.

Ansari MR.
Rupture of mycotic aneurysm during pregnancy: Another hazard of drug abuse. Dirghangi JK. 1982;30:93-6.

Beher WT.
Preliminary report: Effects of tetracycline on fecal bile acid pool composition in a human. Waldbaum WR, Priest RJ, Stradnieks S. 1982;30: 160-2.

Bernstein JM.
Familial hypokalemic periodic paralysis in blacks. Kleerekoper M. 1982;30:55-8.

Block MA.
Chronic idiopathic thrombocytopenic purpura: Effective preoperative preparation and long-term results of splenectomy. Gruenberg JC, Van Slyck EJ, Abraham JP. 1982;30:59-64.

Primary hyperparathyroidism: The continuing saga of surgical problems. 1982;30:181-8.

Bluhm GB.
Hyperviscosity syndrome complicating rheumatoid arthritis: Report of two additional cases and review of the literature. Lovy MR, Kranc MC, Riddle JM, Stein PD. 1982;30:189-98.

Brymer JF.
Assessment of the orifice area of bioprosthetic valves by orifice-view roentgenography. Stein PD, Anbe DT, Sabbah HN, Folger GM Jr. 1982;30:128-33.

Caffrey DL.
Clinical note: Use of clonidine to detoxify opiate-addicted patients. Yoo TP. 1982;30:168-9.

Davila JC.
Natural history of the porcine bioprosthetic heart valve. Magilligan DJ Jr, Lewis JW Jr, Lester JL III, Stein PD, Alam M, Lakier JB, Smith DW. 1982;30:113-18.

DiPaolo CJ.
Acid phosphatase: Clinical utility of the first tumor marker. Rival J. 1982;30:70-6.

Dirghangi JK.
Rupture of mycotic aneurysm during pregnancy: Another hazard of drug abuse. Ansari MR. 1982;30:93-6.

Dumler F.
Racial differences in the incidence of steroid diabetes in renal transplant patients. Hayashi H, Hunter J, Levin NW. 1982;30:14-16.

Eichenhorn MS.
Hemoptysis complicating mitral stenosis: Case report with attention to differential diagnosis and a review of the literature. Popovich J Jr, Radke JR. 1982;30:81-4.

Feldkamp CS.
The measurement of human chorionic gonadotropin for pregnancy testing. Pfeffer WH. 1982;30:207-13.

Folger GM Jr.
Assessment of the orifice area of bioprosthetic valves by orifice-view roentgenography. Stein PD, Brymer JF, Anbe DT, Sabbah HN. 1982;30: 128-33.

Foreback CC.
Isoenzyme update: Creatine kinase and lactate dehydrogenase. 1982;30:97-101.

Gandra VR.
Echocardiographic identification of left ventricular cavity obliteration. Alam M, Khaja F, Goldstein S, Lakier JB. 1982;30:199-203.

Goldstein S.
Echocardiographic evaluation of porcine bioprosthetic valve degeneration. Alam M, Lakier JB. 1982;30:124-7.

Echocardiographic identification of left ventricular obliteration. Gandra VR, Alam M, Goldstein S, Lakier JB. 1982;30:199-203.

The beta blocker heart attack trial: At last, an effective medical therapy to prevent death from coronary heart disease. 1982;30:173-4.

Gruenberg JC.
Chronic idiopathic thrombocytopenic purpura: Effective preoperative preparation and long-term results of splenectomy. Block MA, Van Slyck EJ, Abraham JP. 1982;30:59-64.

Haas PA.
Compression of the duodenum by the root of the mesentery. Akhtar J, Kobylak L. 1982; 30:85-9.

Hamburger JI.
Cytopathology of thyroid nodules. Kini SR, Miller JM. 1982;30:17-24.

Hamburger SW.
Medullary carcinoma of the thyroid with bond metastasis. Stoffer SS, Kobernick SD, Zirkin RM, Harold SE. 1982;30:90-2.

Harold SE.
Medullary carcinoma of the thyroid with bone metastasis. Stoffer SS, Kobernick SD, Zirkin RM, Hamburger SW. 1982;30:90-2.

Hayashi H.
Racial differences in the incidence of steroid diabetes in renal transplant patients. Dumler F, Hunter J, Levin NW. 1982;30:14-16.

Heinzerling RH.
Immunological involvement in porcine bioprosthetic valve degeneration: Preliminary studies. Stein PD, Riddle JM, Magilligan DJ Jr, Jennings JJ. 1982;30:147-51.

Helpern JA.
Observations suggesting a possible link between gammacarboxyglutamic acid and porcine bioprosthetic valve calcification. McGee SJ, Riddle JM. 1982;30:152-5.

Hunter J.
Racial differences in the incidence of steroid diabetes in renal transplant patients. Hayashi H, Dumler F, Levin NW. 1982;30:14-16.

Huseby RA.
Effect of levamisole on the incidence of spontaneous mammary tumors in C3H mice. Page RH, Valdivia DA, Talley RW. 1982;30:65-9.

Jennings JJ.
Immunological involvement in porcine bioprosthetic valve degeneration: Preliminary studies. Heinzerling RH, Stein PD, Riddle JM, Magilligan DJ Jr. 1982;30:147-51.

Kahn RH.
Editorial: Humaneness and humanity. 1982; 30:103.

Kambouris AA.
The surgeon and the patient with cancer: The development of surgical oncology. 1982;30: 156-9.

Kaner J.
The facioscapulohumeral syndrome: A report of two cases. Zuniga J, Teasdall RD. 1982;30:33-6.

Kahn RH.
Editorial: Humaneness and humanity. 1982; 30:103.

Kambouris AA.
The surgeon and the patient with cancer: The development of surgical oncology. 1982;30: 156-9.

Kaner J.
The facioscapulohumeral syndrome: A report of two cases. Zuniga J, Teasdall RD. 1982;30:33-6.

Kemp SR.
Frequency content of heart sounds and systolic murmurs in patients with porcine bioprosthetic heart valves: Diagnostic value for the early detection of valvular degeneration. Stein PD, Sabbah HN, Lakier JB, Magilligan DJ Jr. 1982; 30:119-23.

Khaja F.
Echocardiographic identification of left ventricular cavity obliteration. Gandra VR, Alam M, Goldstein S, Lakier JB. 1982;30:199-203.

Kini KR.
Acute Burkitt's leukemia: Case report and literature review. Raman S, Saeed SM. 1982; 30:37-42.

Kini SR.
Cytopathology of thyroid nodules. Miller JM, Hamburger JI. 1982;30:17-24.

Kleerekoper M.
Fads in medicine: In the clinical laboratory. 1982;30:104.

Familial hypokalemic periodic paralysis in blacks. Bernstein JM. 1982;30:55-8.

Kobernick SD.
Medullary carcinoma of the thyroid with bone metastasis. Stoffer SS, Zirkin RM, Hamburger SW, Harold SE. 1982;30:90-2.

Kobylak L.
Compression of the duodenum by the root of the mesentery. Haas PA, Akhtar J. 1982;30:85-9.

Kranc MC.
Hyperviscosity syndrome complicating rheumatoid arthritis: Report of two additional cases and review of the literature. Lovy MR, Bluhm GB, Riddle JM, Stein PD. 1982;30:189-98.

Lakier JB.
Echocardiographic evaluation of porcine bioprosthetic valve degeneration. Alam M, Goldstein S. 1982;30:124-7.

Echocardiographic identification of left ventricular cavity obliteration. Gandra VR, Alam M, Khaja F, Goldstein S. 1982;30:199-203.

Frequency content of heart sounds and systolic murmurs in patients with porcine bioprosthetic heart valves: Diagnostic value for the early detection of valvular degeneration. Stein PD, Sabbah HN, Kemp SR, Magilligan DJ Jr. 1982;30:119-23.

Natural history of the porcine bioprosthetic heart valve. Magilligan DJ Jr, Lewis JW Jr, Lester JL III, Stein PD, Alam M, Davila JC, Smith DW. 1982;30:113-18.

Lam CR.
The Central Surgical Association turns forty: Some highlights of the first twenty years. 1982;30:77-80.

Heart valve surgery at Henry Ford Hospital from a perspective of 32 years. 1982;30:170-1.

Re: abbs. 1982;30:204-6.

Lester JL III.
Natural history of the porcine bioprosthetic heart valve. Magilligan DJ Jr, Lewis JW Jr, Stein PD, Alam M, Lakier JB, Davila JC, Smith DW. 1982;30:113-18.

Levin NW.
Racial differences in the incidence of steroid diabetes in renal transplant patients. Hayashi H, Hunter J, Dumler F. 1982;30:14-16.

Lewis JW Jr.
Natural history of the porcine bioprosthetic heart valve. Magilligan DJ Jr, Lester JL III, Stein PD, Alam M, Lakier JB, Davila JC, Smith DW. 1982;30:113-18.

Lovy MR.
Hyperviscosity syndrome complicating rheumatoid arthritis: Report of two additional cases and review of the literature. Kranc MC, Bluhm GB, Riddle JM, Stein PD, 1982;30:189-98.

MacKechnie HLN.
The immunology of inflammatory bowel disease. 1982;30:25-32.

McGee SJ.
Observations suggesting a possible link between gammacarboxyglutamic acid and porcine bioprosthetic valve calcification. Helpern JA, Riddle JM. 1982;30:152-5.

McIntosh N.
Zoonoses in modern medical practice. Madhaven T. 1982;30:4-6.

Zoonoses at Henry Ford Hospital: Clinical, epidemiologic, and therapeutic aspects. Madhaven T. 1982;30:7-10.

Madhaven T.
Zoonoses in modern medical practice. McIntosh N. 1982;30:4-6.

Zoonoses at Henry Ford Hospital: Clinical, epidemiologic, and therapeutic aspects. McIntosh N. 1982;30:7-10.

Magilligan DJ Jr.
Frequency content of heart sounds and systolic murmurs in patients with porcine bioprosthetic heart valves: Diagnostic value for the early detection of valvular degeneration. Stein PD, Sabbah HN, Lakier JB, Kemp SR. 1982; 30:119-23.

Immunological involvement in porcine bioprosthetic valve degeneration: Preliminary studies. Heinzerling RH, Stein PD, Riddle JM, Jennings JJ. 1982;30:147-51.

A morphologic overview of the porcine bioprosthetic heart valve. Riddle JM, Stein PD. 1982;30:139-45.

Natural history of the porcine bioprosthetic heart valve. Lewis JW Jr, Lester JL III, Stein PD, Alam M, Lakier JB, Davila JC, Smith DW. 1982;30:113-18.

Mellinger RC.
Editorial: Dr. Rebuck steps down. 1982;30:43.

Meyer E.
Echinococcosis of the spine and retroperitoneum: Case report and review of the literature. Adar R. 1982;30:11-13.

Miller JM.
Cytopathology of thyroid nodules. Kini SR, Hamburger JI. 1982;30:17-24.

Nelson SR.
Editorial: An exciting period in our history. 1982;30:44-5.

Page RH.
Effect of levamisole on the incidence of spontaneous mammary tumors in C3H mice. Valdivia DA, Talley RW, Huseby RA. 1982;30:65-9.

Pfeffer WH.
The measurement of human chorionic gonadotropin for pregnancy testing. Feldkamp CS. 1982;30:207-13.

Popovich J Jr.
Hemoptysis complicating mitral stenosis: Case report with attention to differential diagnosis and a review of the literature. Eichenhorn MS, Radke JR. 1982;30:81-4.

Priest RJ.
Preliminary report: Effects of tetracycline on fecal bile acid pool composition in a human. Waldbaum JR, Beher WT, Stradnieks S. 1982; 30:160-2.

Radke JR.
Hemoptysis complicating mitral stenosis: Case report with attention to differential diagnosis and a review of the literature. Eichenhorn MS, Popovich J Jr. 1982;30:81-4.

Raman S.
Acute Burkitt's leukemia: Case report and literature review. Saeed SM, Kini KR. 1982; 30:37-42.

Riddle JM.
Hyperviscosity syndrome complicating rheumatoid arthritis: Report of two additional cases and review of the literature. Lovy MR, Kranc MC, Bluhm GB, Stein PD. 1982;30:189-98.

Immunological involvement in porcine bioprosthetic valve degeneration: Preliminary studies. Heinzerling RH, Stein PD, Magilligan DJ Jr, Jennings JJ. 1982;30:147-51.

A morphologic overview of the porcine bioprosthetic heart valve. Stein PD, Magilligan DJ Jr. 1982;30:139-45.

Observations suggesting a possible link between gammacarboxyglutamic acid and porcine bioprosthetic valve calcification. Helpern JA, McGee SJ. 1982;30:152-5.

Rival J.
Acid phosphatase: Clinical utility of the first tumor marker. DiPaolo CJ. 1982;30:70-6.

Rosenberg IK.
Fads in medicine: In clinical diagnosis. 1982; 30:104-5.

Sabbah HN.
Assessment of the orifice area of bioprosthetic valves by orifice-view roentgenography. Stein PD, Brymer JF, Anbe DT, Folger GM Jr. 1982;30:128-33.

Fluid dynamic stresses in the region of a porcine bioprosthetic valve. Stein PD. 1982;30: 134-8.

Frequency content of heart sounds and systolic murmurs in patients with porcine bioprosthetic heart valves: Diagnostic value for the early detection of valvular degeneration. Stein PD, Lakier JB, Kemp SR, Magilligan DJ Jr. 1982;30:119-23.

Saeed SM.
Acute Burkitt's leukemia: Case report and literature review. Raman S, Kini KR. 1982; 30:37-42.

Service FJ.
Medical Grand Rounds: Open and closed loop insulin delivery systems in diabetes: Current status. 1982;30:163-7.

Smith DW.
Natural history of the porcine bioprosthetic heart valve. Magilligan DJ Jr, Lewis JW Jr, Lester JL III, Stein PD, Alam M, Lakier JB, Davila JC. 1982;30:113-18.

Reporting significance values precisely. 1982;30:102.

Smith RW.
Editorial: A challenge to physicians: The obligation and ultimate reward. 1982;30:171-2.

Immunological involvement in porcine bioprosthetic valve degeneration: Preliminary studies. Heinzerling RH, Stein PD, Riddle JM, Magilligan DJ Jr, Jennings JJ. 1982;30:147-51.

A morphologic overview of the porcine bioprosthetic heart valve. Riddle JM, Stein PD, Magilligan DJ Jr. 1982;30:139-45.

Natural history of the porcine bioprosthetic heart valve. Magilligan DJ Jr, Lewis JW Jr, Lester JL III, Stein PD, Alam M, Lakier JB, Davila JC, Smith DW. 1982;30:113-18.

Observations suggesting a possible link between gammacarboxyglutamic acid and porcine bioprosthetic valve calcification. Helpern JA, McGee SJ, Riddle JM. 1982;30:152-5.

Studies on porcine bioprosthetic heart valves at Henry Ford Hospital: An overview. Stein PD. 1982;30:111-12.

Burkitt's lymphoma
Acute Burkitt's leukemia: Case report and literature review. Raman S, Saeed SM, Kini KR. 1982;30:37-42.

Brucellosis
Zoonoses in modern medical practice. Madhaven T, McIntosh N. 1982;30:4-6.

Zoonoses at Henry Ford Hospital: Clinical, epidemiologic, and therapeutic aspects. McIntosh N, Madhaven T. 1982;30:7-10.

Carcinoma, follicular
Cytopathology of thyroid nodules. Kini SR, Miller JM, Hamburger JI. 1982;30:17-24.

Carcinoma, mammary, in C3H mice
Effect of levamisole on the incidence of spontaneous mammary tumors in C3H mice. Page RH, Valdivia DA, Talley RW, Huseby RA. 1982;30:65-9.

Carcinoma, medullary
Cytopathology of thyroid nodules. Kini SR, Miller JM, Hamburger JI. 1982;30:17-24.

Medullary carcinoma of the thyroid with bone metastasis. Stoffer SS, Kobernick SD, Zirkin RM, Hamburger SW, Harold SE. 1982;30:90-2.

Carcinoma, papillary
Cytopathology of thyroid nodules. Kini SR, Miller JM, Hamburger JI. 1982;30:17-24.

Rupture of mycotic aneurysm during pregnancy: Another hazard of drug abuse. Dirghangi JK, Ansari MR. 1982;30:93-6.

Carcinoma, prostate
Acid phosphatase: Clinical utility of the first tumor marker. DiPaolo CJ, Rival J. 1982;30:70-6.

Carcinoma, thyroid
Cytopathology of thyroid nodules. Kini SR, Miller JM, Hamburger JI. 1982;30:17-24.

Central Surgical Association
The Central Surgical Association turns forty: Some highlights of the first twenty years. Lam CR. 1982;30:77-80.

Chenodeoxycholic acid, gallstone treatment
Preliminary report: Effects of tetracycline on fecal bile acid pool composition in a human. Waldbaum JR, Beher WT, Priest RJ, Stradnieks S. 1982;30:160-2.

Chromatography, ion exchange
Isoenzyme update: Creatine kinase and lactate dehydrogenase. Foreback CC. 1982;30:97-101.

Clonidine
Clinical note: Use of clonidine to detoxify opiate-addicted patients. Caffrey DL, Yoo TP. 1982;30:168-9.

Colorado tick fever
Zoonoses in modern medical practice. Madhaven T, McIntosh N. 1982;30:4-6.

Zoonoses at Henry Ford Hospital: Clinical, epidemiologic, and therapeutic aspects. McIntosh N, Madhaven T. 1982;30:7-10.

Coronary artery disease
Echocardiographic identification of left ventricular cavity obliteration. Gandra VR, Alam M, Khaja F, Goldstein S, Lakier JB. 1982;30:199-203.

Creatine kinase (CK)
Isoenzyme update: Creatine kinase and lactate dehydrogenase. Foreback CC. 1982;30:97-101.

Crohn's disease, immunology of
The immunology of inflammatory bowel disease. MacKechnie HLN. 1982;30:25-32.

Cusp degeneration
Echocardiographic evaluation of porcine bioprosthetic valve degeneration. Alam M, Lakier JB, Goldstein S. 1982;30:124-7.

Cytopathology, thyroid nodules
Cytopathology of thyroid nodules. Kini SR Miller JM, Hamburger JI. 1982;30:17-24.

Detoxification, opiate addicts
Clinical note: Use of clonidine to detoxify opiate-addicted patients. Caffrey DL, Yoo TP. 1982;30:168-9.

Diabetes mellitus
Racial differences in the incidence of steroid diabetes in renal transplant patients. Dumler F, Hayashi H, Hunter J, Levin NW. 1982;30:14-6.

Medical Grand Rounds: Open and closed loop insulin delivery systems in diabetes: Current status. Service FJ. 1982;30:163-7.

Drug abuse
Clinical note: Use of clonidine to detoxify opiate-addicted patients. Caffrey DL, Yoo TP. 1982;30:168-9.

Rupture of mycotic aneurysm during pregnancy: Another hazard of drug abuse. Dirghangi JK, Ansari MR. 1982;30:93-6.

Duodenojejunostomy
Compression of the duodenum by the root of the mesentery. Haas PA, Akhtar J, Kobylak L. 1982;30:85-9.

Echinococcosis
Echinococcosis of the spine and retroperitoneum: Case report and review of the literature. Meyer E, Adar R. 1982;30:11-13.

Zoonoses in modern medical practice. Madhaven T, McIntosh N. 1982;30:4-6.

Zoonoses at Henry Ford Hospital: Clinical, epidemiologic, and therapeutic aspects. Madhaven T, McIntosh N. 1982;30:7-10.

Echocardiography, M-mode
Echocardiographic evaluation of porcine bioprosthetic valve degeneration. Alam M, Lakier JB, Goldstein S. 1982;30:124-7.

Echocardiographic identification of left ventricular cavity obliteration. Gandra VR, Alam M, Khaja F, Goldstein S, Lakier JB. 1982; 30:199-203.

Echocardiography, two-dimensional
Echocardiographic evaluation of porcine bioprosthetic valve degeneration. Alam M, Lakier JB, Goldstein S. 1982;30:124-7

Echocardiographic identification of left ventricular cavity obliteration. Gandra VR, Alam M, Khaja F, Goldstein S, Lakier JB. 1982; 30:199-203.

Facioscapulohumeral syndrome
The facioscapulohumeral syndrome: A report of two cases. Kaner J, Zuniga J, Teasdail RD. 1982;30:33-6.

Familial hypocalciuric hypercalcemia
Primary hyperparathyroidism: The continuing saga of surgical problems. Block MA. 1982; 30:181-8.

Familial hypokalemic periodic paralysis
Familial hypokalemic periodic paralysis in blacks: Bernstein JM, Kleerekoper M. 1982; 30:55-8.

Fluid dynamic stresses, in bioprosthetic valves
Fluid dynamic stresses in the region of a porcine bioprosthetic valve. Sabbah HN, Stein PD. 1982;30:134-8.

Follicular adenoma
Cytopathology of thyroid nodules. Kini SR, Miller JM, Hamburger JI. 1982;30:17-24.

Gammacarboxyglutamic acid (Gla) peptides
Observations suggesting a possible link between gammacarboxyglutamic acid and porcine bioprosthetic valve calcification. Helpern JA, McGee SJ, Riddle JM. 1982;30:152-5.

Gla-containing proteins
Observations suggesting a possible link between gammacarboxyglutamic acid and porcine bioprosthetic valve calcification. Helpern JA, McGee SJ, Riddle JM. 1982;30:152-5.

Glutaraldehyde fixation process
A morphologic overview of the porcine bioprosthetic heart valve. Riddle JM, Stein PD, Magilligan DJ Jr. 1982;30:139-45.

Hashimoto's thyroiditis
Cytopathology of thyroid nodules. Kini SR, Miller JM, Hamburger JI. 1982;30:17-24.

Heart sounds and systolic murmurs, frequency content
Frequency content of heart sounds and systolic murmurs in patients with porcine bioprosthetic heart valves: Diagnostic value for the early detection of valvular degeneration. Stein PD, Sabbah HN, Lakier JB, Kemp SR, Magilligan DJ Jr. 1982;30:119-23.

Heart valves, bioprosthetic
Assessment of the orifice area of bioprosthetic valves by orifice-view roentgenography. Stein PD, Brymer JF, Anbe DT, Sabbah HN, Folger GM Jr. 1982;30:128-33.

Echocardiographic evaluation of porcine bioprosthetic valve degeneration. Alam M, Lakier JB, Goldstein S. 1982;30:124-7.

Editorial. Heart valve surgery at Henry Ford Hospital from a perspective of 32 years. Lam CR. 1982;30:170-1.

Fluid dynamic stresses in the region of a porcine bioprosthetic valve. Sabbah HN, Stein PD. 1982;30:134-8.

Frequency content of heart sounds and systolic murmurs in patients with porcine bioprosthetic heart valves: Diagnostic value for the early detection of valvular degeneration. Stein PD, Sabbah HN. Lakier JB, Kemp SR, Magilligan DJ Jr. 1982;30:119-23.

Immunological involvement in porcine bioprosthetic valve degeneration: Preliminary studies. Heinzerling RH, Stein PD, Riddle JM, Magilligan DJ Jr, Jennings JJ. 1982;30:147-51.

A morphologic overview of the porcine bioprosthetic heart valve. Riddle JM, Stein PD, Magilligan DJ Jr. 1982;30:139-45.

Natural history of the porcine bioprosthetic heart valve. Magilligan DJ Jr, Lewis JW Jr, Lester JL III, Stein PD, Alam M, Lakier JB, Davila JC, Smith DW. 1982;30:113-18.

Observations suggesting a possible link between gammacarboxyglutamic acid and porcine bioprosthetic valve calcification. Helpern JA, McGee SJ, Riddle JM. 1982;30:152-5.

Studies on porcine bioprosthetic heart valves at Henry Ford Hospital: An overview. Stein PD. 1982;30:111-12.

Hematoma, pelvic
Rupture of mycotic aneurysm during pregnancy: Another hazard of drug abuse. Dirghangi JK, Ansari MR. 1982;30:93-6.

Hemoptysis
Hemoptysis complicating mitral stenosis: Case report with attention to differential diagnosis and a review of the literature. Eichenhorn MS, Popovich J Jr, Radke JR. 1982;30:81-4.

Human chorionic gonadotropin (HCG)
The measurement of human chorionic gonadotropin for pregnancy testing. Feldkamp CS, Pfeffer WH. 1982;30:207-13.

Hürthle cell tumors
Cytopathology of thyroid nodules. Kini SR, Miller JM, Hamburger JI. 1982;30:17-24.

Hydatid disease
Echinococcosis of the spine and retroperitoneum: Case report and review of the literature. Meyer E, Adar R. 1982;30:11-13.

Hydroxyapatite
Observations suggesting a possible link between gammacarboxyglutamic acid and porcine bioprosthetic valve calcification. Helpern JA, McGee SJ, Riddle JM. 1982;30:152-5.

Hypercalcemia, familial hypocalciuric
Primary hyperparathyroidism: The continuing saga of surgical problems. Block MA. 1982; 30:181-8.

Hyperparathyroidism, primary
Primary hyperparathyroidism: The continuing saga of surgical problems. Block MA. 1982;30: 181-8.

Hyperviscosity syndrome
Hyperviscosity syndrome complicating rheumatoid arthritis: Report of two additional cases and review of the literature. Lovy MR, Kranc MC, Bluhm GB, Riddle JM, Stein PD. 1982;30: 189-98.

Hypokalemia
Familial hypokalemic periodic paralysis in blacks. Bernstein JM, Kleerekoper M. 1982;30: 55-8.

Idiopathic thrombocytopenic purpura (ITP)
Chronic idiopathic thrombocytopenic purpura: Effective preoperative preparation and long-term results of splenectomy. Gruenberg JC, Block MA, Van Slyck EJ, Abraham JP. 1982;30: 59-64.

Immunology, in inflammatory bowel disease
The immunology of inflammatory bowel disease. MacKechnie HLN. 1982;30:25-32.

Inflammatory bowel disease (IBD)
The immunology of inflammatory bowel disease. MacKechnie HLN. 1982;30:25-32.

Insulin delivery, open and closed loop systems
Medical Grand Rounds: Open and closed loop insulin delivery systems in diabetes: Current status. Service FJ. 1982;30:163-7.

Isoenzymes
Isoenzymes update: Creatine kinase and lactate dehydrogenase. Foreback CC. 1982;30: 97-101.

Kidney transplantation
Racial differences in the incidence of steroid diabetes in renal transplant patients. Dumler F, Hayashi H, Hunter J, Levin NW. 1982;30:14-16.

Lactate dehydrogenase (LD)
Isoenzyme update: Creatine kinase and lactate dehydrogenase. Foreback CC. 1982;30:97-101.

Left ventricular cavity obliteration (LVCO)
Echocardiographic identification of left ventricular cavity obliteration. Gandra VR, Alam M, Khaja F, Goldstein S, Lakier JB. 1982;30: 199-203.

Leptospirosis
Zoonoses in modern medical practice. Madhaven T, McIntosh N. 1982;30:4-6.

Zoonoses at Henry Ford Hospital: Clinical, epidemiologic, and therapeutic aspects. McIntosh N, Madhaven T. 1982;30:7-10.

Leukemia, Burkitt's lymphoma
Acute Burkitt's leukemia: Case report and literature review. Raman S, Saeed SM, Kini KR. 1982;30:37-42.

Levamisole
Effect of levamisole on the incidence of spontaneous mammary tumors in C3H mice. Page RH, Valdivia DA, Talley RW, Huseby RA. 1982;30:65-9.

Lymphoma, malignant
Cytopathology of thyroid nodules. Kini SR, Miller JM, Hamburger JI. 1982;30:17-24.

Mammary carcinoma
Effect of levamisole on the incidence of spontaneous mammary tumors in C3H mice. Page RH, Valdivia DA, Talley RW, Huseby RA. 1982; 30:65-9.

McClure, Roy D.
The Central Surgical Association turns forty: Some highlights of the first twenty years. Lam CR. 1982;30:77-80.

Medical abbreviations
Re: Abbs. Lam CR. 1982;30:204-6.

Mesenteric artery syndrome
Compression of the duodenum by the root of the mesentery. Haas PA, Akhtar J, Kobylak L. 1982;30:85-9.

Mesenteric root, compression of
Compression of the duodenum by the root of the mesentery. Haas PA, Akhtar J, Kobylak L. 1982;30:85-9.

Editorial. Fads in Medicine: In clinical diagnosis. Rosenberg IK. 1982;30:104-5.

Michigan Society for Medical Research (MISMR)
Editorial. Humaneness and humanity. Kahn RH. 1982;30:103.

Mitral commissurotomy
Editorial. Heart valve surgery at Henry Ford Hospital from a perspective of 32 years. Lam CR. 1982;30:170-1.

Mitral stenosis
Hemoptysis complicating mitral stenosis: Case report with attention to differential diagnosis and a review of the literature. Eichenhorn MS, Popovich J Jr, Radke JR. 1982;30:81-4.

Myocardial infarction, treatment for
Editorial. The beta blocker heart attack trial: At last, an effective medical therapy to prevent death from coronary heart disease. Goldstein S. 1982;30:173-4.

Needle biopsy
Cytopathology of thyroid nodules. Kini SR, Miller JM, Hamburger JI. 1982;30:17-24.

Nodular goiter
Cytopathology of thyroid nodules. Kini SR, Miller JM, Hamburger JI. 1982;30:17-24.

Oncology, surgical
The surgeon and the patient with cancer: The development of surgical oncology. Kambouris AA. 1982;30:156-9.

P values
Reporting significance values precisely. Smith DW. 1982;30:102.

Parathyroidectomy
Primary hyperparathyroidism: The continuing saga of surgical problems. Block MA. 1982;30: 181-8.

Plasma cell
Hyperviscosity syndrome complicating rheumatoid arthritis: Report of two additional cases and review of the literature. Lovy MR, Kranc MC, Bluhm GB, Riddle JM, Stein PD. 1982;30: 189-98.

Plasmapheresis
Hyperviscosity syndrome complicating rheumatoid arthritis: Report of two additional cases and review of the literature. Lovy MR, Kranc MC, Bluhm GB, Riddle JM, Stein PD. 1982;30: 189-98.

Platelet dysfunction
Hyperviscosity syndrome complicating rheumatoid arthritis: Report of two additional cases and review of the literature. Lovy MR, Kranc MC, Bluhm GB, Riddle JM, Stein PD. 1982;30: 189-98.

Polymyositis
The facioscapulohumeral syndrome: A report of two cases. Kaner J, Zuniga J, Teasdall RD. 1982;30:33-6.

Porcine bioprosthetic heart valves
Assessment of the orifice area of bioprosthetic valves by orifice-view roentgenography. Stein PD, Brymer JF, Anbe DT, Sabbah HN, Folger GM Jr. 1982;30:128-33.

Echocardiographic evaluation of porcine bioprosthetic valve degeneration. Alam M, Lakier JB, Goldstein S. 1982;30:124-7.

Editorial. Heart valve surgery at Henry Ford Hospital from a perspective of 32 years. Lam CR. 1982;30:170-1.

Fluid dynamic stresses in the region of a porcine bioprosthetic valve. Sabbah HN, Stein PD. 1982;30:134-8.

Frequency content of heart sounds and systolic murmurs in patients with porcine bioprosthetic heart valves: Diagnostic value for the early detection of valvular degeneration. Stein PD, Sabbah HN, Lakier JB, Kemp SR, Magilligan DJ Jr. 1982;30:119-23.

Immunological involvement in porcine bioprosthetic valve degeneration: Preliminary studies. Heinzerling RH, Stein PD, Riddle JM, Magilligan DJ Jr, Jennings JJ. 1982;30:147-51.

A morphologic overview of the porcine bioprosthetic heart valve. Riddle JM, Stein PD, Magilligan DJ Jr. 1982;30:139-45.

Natural history of the porcine bioprosthetic heart valve. Magilligan DJ Jr, Lewis JW Jr, Lester JL III, Stein PD, Alam M, Lakier JB, Davila JC, Smith DW. 1982;30:113-18.

Observations suggesting a possible link between gammacarboxyglutamic acid and porcine bioprosthetic valve calcification. Helpern JA, McGee SJ, Riddle JM. 1982;30:152-5.

Studies on porcine bioprosthetic heart valves at Henry Ford Hospital: An overview. Stein PD. 1982;30:111-12.

Porcine bioprosthetic valves, calcification of
Observations suggesting a possible link between gammacarboxyglutamic acid and porcine bioprosthetic valve calcification. Helpern JA, McGee SJ, Riddle JM. 1982;30:152-5.

Porcine bioprosthetic valves, electron microscopy of
A morphologic overview of the porcine bioprosthetic heart valve. Riddle JM, Stein PD, Magilligan DJ Jr. 1982;30:139-45.

Porcine bioprosthetic valves, immunology of
Immunological involvement in porcine bioprosthetic valve degeneration: Preliminary studies. Heinzerling RH, Stein PD, Riddle JM, Magilligan DJ Jr, Jennings JJ. 1982;30:147-51.

Porcine bioprosthetic valves, morphology of
A morphologic overview of the porcine bioprosthetic heart valve. Riddle JM, Stein PD, Magilligan DJ Jr. 1982;30:139-45.

Prednisone, side effects
Racial differences in the incidence of steroid diabetes in renal transplant patients. Dumler F, Hayashi H, Hunter J, Levin NW. 1982;30:14-16.

Pregnancy tests
The measurement of human chorionic gonadotropin for pregnancy testing. Feldkamp CS, Pfeffer WH. 1982;30:207-13.

Primary hyperparathyroidism
Primary hyperparathyroidism: The continuing saga of surgical problems. Block MA. 1982;30:181-8.

Psittacosis
Zoonoses in modern medical practice. Madhaven T, McIntosh N. 1982;30:4-6.

Zoonoses at Henry Ford Hospital: Clinical, epidemiologic, and therapeutic aspects. McIntosh N, Madhaven T. 1982;30:7-10.

Pulmonary disease
Hemoptysis complicating mitral stenosis: Case report with attention to differential diagnosis and a review of the literature. Eichenhorn MS, Popovich J Jr, Radke JR. 1982;30:81-4.

Rebuck John W.
Editorial. Dr. Rebuck steps down. Mellinger RC. 1982;30:43.

Rebuck skin window technique
Hyperviscosity syndrome complicating rheumatoid arthritis: Report of two additional cases and review of the literature. Lovy MR, Kranc MC, Bluhm GB, Riddle JM, Stein PD. 1982;30:189-98.

Relapsing fever
Zoonoses in modern medical practice. Madhaven T, McIntosh N. 1982;30:4-6.

Zoonoses at Henry Ford Hospital: Clinical, epidemiologic, and therapeutic aspects. McIntosh N, Madhaven T. 1982;30:7-10.

Rheumatoid arthritis
Hyperviscosity syndrome complicating rheumatoid arthritis: Report of two additional cases and review of the literature. Lovy MR, Kranc MC, Bluhm GB, Riddle JM, Stein PD. 1982;30:189-98.

Roentgenography, orifice-view
Assessment of the orifice area of bioprosthetic valves by orifice-view roentgenography. Stein PD, Brymer JF, Anbe DT, Sabbah HN, Folger GM Jr. 1982;30:128-33.

Serum acid phosphatase (SAP)
Acid phosphatase: Clinical utility of the first tumor marker. DiPaolo CJ, Rival J. 1982;30:70-6.

Significance values
Reporting significance values precisely. Smith DW. 1982;30:102.

Sjogren's syndrome
Hyperviscosity syndrome complicating rheumatoid arthritis: Report of two additional cases and review of the literature. Lovy MR, Kranc MC, Bluhm GB, Riddle JM, Stein PD. 1982;30:189-98.

Smeloff-Cutter valve
Editorial. Heart valve surgery at Henry Ford Hospital from a perspective of 32 years. Lam CR. 1982;30:170-1.

Splenectomy
Chronic idiopathic thrombocytopenic purpura: Effective preoperative preparation and long-term results of splenectomy. Gruenberg JC, Block MA, Van Slyck EJ, Abraham JP. 1982;30:59-64.

Society of Surgical Oncology
The surgeon and the patient with cancer: The development of surgical oncology. Kambouris AA. 1982;30:156-9.

Steroid-induced diabetes
Racial differences in the incidence of steroid diabetes in renal transplant patients. Dumler F, Hayashi H, Hunter J, Levin NW. 1982;30:14-16.

Tetracycline, effects of
Preliminary report: Effects of tetracycline on fecal bile acid pool composition in a human. Waldbaum JR, Beher WT, Priest RJ, Stradnieks S. 1982;30:160-2.

Thyroid, cancer of
Medullary carcinoma of the thyroid with bone metastasis. Stoffer SS, Kobernick SD, Zirkin RM, Hamburger SW, Harold SE. 1982;30:90-2.

Thyroid nodules, cytopathology of
Cytopathology of thyroid nodules. Kini SR, Miller JM, Hamburger JI. 1982;30:17-24.

Toxoplasmosis
Zoonoses in modern medical practice. Madhaven T, McIntosh N. 1982;30:4-6.

Zoonoses at Henry Ford Hospital: Clinical, epidemiologic, and therapeutic aspects. McIntosh N, Madhaven T. 1982;30:7-10.

Tumor marker
Acid phosphatase: Clinical utility of the first tumor marker. DiPaolo CJ, Rival J. 1982;30:70-6.

Ulcerative colitis, immunology of
The immunology of inflammatory bowel disease. MacKechnie HLN. 1982;30:25-32.

Zoonoses
Zoonoses in modern medical practice. Madhaven T, McIntosh N. 1982;30:4-6.

Zoonoses at Henry Ford Hospital: Clinical, epidemiologic, and therapeutic aspects. McIntosh N, Madhaven T. 1982;30:7-10.
